

Are not five sparrows sold for two pennies? Yet not one of them is forgotten by God. Indeed, the very hairs of your head are all numbered. Don't be afraid; you are worth more than many sparrows.

**Luke 12: 6-7**

In a universe so vast, what is our little planet? In a planet so diverse and so full of life, what are simple everyday people? Among all the billions of people alive and who have lived before us, what significance do I have? Jesus reminds us that our significance is great -- not because we are so important, but because we are known personally by God. We don't have to be afraid; we are known and loved by the One who is and was and is to come! God knows where we struggle with sin he knows our fears; our immaturity. We should be both awed and comforted that God knows us and loves us.
